NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

The Brendan Wood TopGun ETF (the “Fund”) is a non-diversified series of ETF Opportunities Trust, a Delaware statutory trust (the “Trust”) which was organized on March 18, 2019 and is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company. The offering of the Fund’s shares is registered under the Securities Act of 1933, as amended. The Fund commenced operations on November 9, 2023.

The Fund’s investment objective is to seeks to provide growth consistent with the preservation of capital.

The Fund is deemed to be an individual reporting segment and is not part of a consolidated reporting entity. The objective and strategy of the Fund is used by Tuttle Capital Management, LLC (the “Advisor”) to make investment decisions, and the results of the Fund’s operations, as shown in its Statement of Operations and Financial Highlights, is the information utilized for the day-today management of the Fund. The Fund and the Advisor are parties to expense agreements as disclosed in the Notes to the Financial Statements, and resources are not allocated to the Fund based on performance measurements. Due to the significance of oversight and its role in the Fund’s management, the Advisor’s portfolio manager is deemed to be the Chief Operating Decision Maker.

The following is a summary of significant accounting policies consistently followed by the Fund. The policies are in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Fund follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946 “*Financial Services – Investment Companies*”.

Security Valuation

The Fund records its investments at fair value. Generally, the Fund’s domestic securities (including underlying ETFs which hold portfolio securities primarily listed on foreign (non-U.S.) exchanges) are valued each day at the last quoted sales price on each security’s primary exchange. Securities traded or dealt in upon one or more securities exchanges for which market quotations are readily available and not subject to restrictions against resale are valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the mean between the current bid and ask prices on such exchange. If market quotations are not readily available, securities will be valued at their fair market value as determined in good faith under procedures approved by the Trust’s Board of Trustees (the “Board”). Although the Board

is ultimately responsible for fair value determinations under Rule 2a-5 of the 1940 Act, the Board has delegated day-to-day responsibility for oversight of the valuation of the Fund's assets to the Advisor as the Valuation Designee pursuant to the Fund's policies and procedures. Securities that are not traded or dealt in any securities exchange (whether domestic or foreign) and for which over-the-counter market quotations are readily available generally are valued at the last sale price or, in the absence of a sale, at the mean between the current bid and ask price on such over-the-counter market.

The Fund has a policy that contemplates the use of fair value pricing to determine the Net Asset Value ("NAV") per share of the Fund when market prices are unavailable as well as under special circumstances, such as: (i) if the primary market for a portfolio security suspends or limits trading or price movements of the security; and (ii) when an event occurs after the close of the exchange on which a portfolio security is principally traded, but prior to the time as of which the Fund's NAV is calculated, that is likely to have changed the value of the security.

When the Fund uses fair value pricing to determine the NAV per share of the Fund, securities will not be priced on the basis of quotations from the primary market in which they are traded, but rather may be priced by another method that the Valuation Designee believes accurately reflects fair value. Any method used will be approved by the Board and results will be monitored to evaluate accuracy. The Fund's policy is intended to result in a calculation of the Fund's NAV that fairly reflects security values as of the time of pricing.

The Fund has adopted fair valuation accounting standards that establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs used to develop the measurements of fair value. These inputs are summarized in the three broad levels listed below.

Various inputs are used in determining the value of the Fund's investments. GAAP established a three-tier hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. Level 1 includes quoted prices in active markets for identical securities. Level 2 includes other significant observable market-based inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). Level 3 includes significant unobservable inputs (including the Fund's own assumptions in determining fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the level of inputs used to value the Fund's investments as of February 28, 2025:

	Level 1 Quoted Prices	Level 2 Other Significant Observable Inputs	Level 3 Significant Unobservable Inputs	Total
Common Stocks	\$ 13,418,626	\$ —	\$ —	\$ 13,418,626
	\$ 13,418,626	\$ —	\$ —	\$ 13,418,626

Refer to the Fund's Schedule of Investments for a listing of the securities by type and sector.

The Fund held no Level 3 securities at any time during the six months ended February 28, 2025.

Security Transactions and Income

Security transactions are accounted for on the trade date. The cost of securities sold is determined generally on specific identification basis. Realized gains and losses from security transactions are determined on the basis of identified cost for book and tax purposes. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules.

Accounting Estimates

In preparing financial statements in conformity with GAAP, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

Federal Income Taxes

The Fund has complied and intends to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable income to its shareholders. The Fund also intends to distribute sufficient net investment income and net capital gains, if any, so that it will not be subject to excise tax on undistributed income and gains. Therefore, no federal income tax or excise provision is required.

Management has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken in the Fund's tax returns. The Fund has no examinations in progress and management is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months. Interest and penalties, if any, associated with any federal or state income tax obligations are recorded as income tax expense as incurred.

Reclassification of Capital Accounts

GAAP requires that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. During the six months ended February 28, 2025, there were no such reclassifications.

Dividends and Distributions

Dividends from net investment income, if any, are declared and paid at least annually by the Fund. The Fund distributes its net realized capital gains, if any, to shareholders annually. The Fund may also pay a special distribution at the end of a calendar year to comply with federal tax requirements. All distributions are recorded on the ex-dividend date.

Creation Units

The Fund issues and redeems shares to certain institutional investors (typically market makers or other broker-dealers) only in large blocks of at least 10,000 shares known as "Creation Units." Purchasers of Creation Units ("Authorized Participants") will be required to pay to Citibank, N.A. (the "Custodian") a fixed transaction fee ("Creation Transaction Fee") in connection with creation orders that is intended to offset the transfer and other transaction costs associated with the issuance of Creation Units. The standard Creation Transaction Fee will be the same regardless of the number of Creation Units purchased by an investor on the applicable Business Day. The Creation Transaction Fee charged by the

BRENDAN WOOD TOPGUN ETF

Notes to Financial Statements - continued February 28, 2025 (unaudited)

Custodian for each creation order is \$250. Authorized Participants wishing to redeem shares will be required to pay to the Custodian a fixed transaction fee (“Redemption Transaction Fee”) to offset the transfer and other transaction costs associated with the redemption of Creation Units. The standard Redemption Transaction Fee will be the same regardless of the number of Creation Units redeemed by an investor on the applicable Business Day. The Redemption Transaction Fee charged by the Custodian for each redemption order is \$250.

Except when aggregated in Creation Units, shares are not redeemable securities. Shares of the Fund may only be purchased or redeemed by Authorized Participants. An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a Depository Trust Company (“DTC”) participant and, in each case, must have executed an agreement with the Fund’s principal underwriter (the “Distributor”) with respect to creations and redemptions of Creation Units (“Participation Agreement”). Most retail investors will not qualify as Authorized Participants or have the resources to buy and sell whole Creation Units. Therefore, they will be unable to purchase or redeem the shares directly from the Fund. Rather, most retail investors will purchase shares in the secondary market with the assistance of a broker and will be subject to customary brokerage commissions or fees. The following table discloses the Creation Unit breakdown based on the NAV as of February 28, 2025:

	Creation Unit Shares	Creation Transaction Fee	Value
BRENDAN WOOD TOPGUN ETF . .	10,000	\$250	\$356,900

To the extent contemplated by a participant agreement, in the event an Authorized Participant has submitted a redemption request in proper form but is unable to transfer all or part of the shares comprising a Creation Unit to be redeemed to the Distributor, on behalf of the Fund, by the time as set forth in a participant agreement, the Distributor may nonetheless accept the redemption request in reliance on the undertaking by the Authorized Participant to deliver the missing shares as soon as possible, which undertaking shall be secured by the Authorized Participant’s delivery and maintenance of collateral equal to a percentage of the value of the missing shares as specified in the participant agreement. A participant agreement may permit the Fund to use such collateral to purchase the missing shares, and could subject an Authorized Participant to liability for any shortfall between the cost of the Fund acquiring such shares and the value of the collateral. Amounts are disclosed as Segregated Cash Balance

from Authorized Participants for Deposit Securities and Collateral Payable upon Return of Deposit Securities on the Statement of Assets and Liabilities, when applicable.

Officers and Trustees Indemnification

Under the Trust's organizational documents, its officers and trustees are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business, the Fund enters into contracts with its vendors and others that provide for general indemnifications. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund. However, based on experience, the Fund expects that risk of loss to be remote.

NOTE 2 – INVESTMENT ADVISORY AND DISTRIBUTION AGREEMENTS AND OTHER TRANSACTIONS WITH AFFILIATES

The Advisor currently provides investment advisory services pursuant to an investment advisory agreement (the "Advisory Agreement"). Under the terms of the Advisory Agreement, the Advisor is responsible for the day-to-day management of the Fund's investments. The Advisor also: (i) furnishes office space and all necessary office facilities, equipment and executive personnel necessary for managing the assets of the Fund; and (ii) provides guidance and policy direction in connection with its daily management of the Fund's assets, subject to the authority of the Board. Under the Advisory Agreement, the Adviser assumes and pays, at its own expense and without reimbursement from the Trust, all ordinary expenses of the Fund, except the fee paid to the Adviser pursuant to the Advisory Agreement, distribution fees or expenses under a Rule 12b-1 plan (if any), interest expenses, taxes, acquired fund fees and expenses, brokerage commissions and any other portfolio transaction related expenses and fees arising out of transactions effected on behalf of the Fund, credit facility fees and expenses, including interest expenses, and litigation and indemnification expenses and other extraordinary expenses not incurred in the ordinary course of the Fund's business.

For its services with respect to the Fund, the Advisor is entitled to receive an annual advisory fee of 0.98%, calculated daily and payable monthly as a percentage of the Fund's average daily net assets. The Advisor has contractually agreed to waive its management fee to an annual rate of 0.95% of the average daily net assets of the Fund until December 31, 2025, and the Advisor may not terminate this arrangement prior to that date.

The Advisor has retained Brendan Wood TopGun Partnerships, Inc. (the “Sub-Advisor”), to serve as sub-advisor for the Fund. Pursuant to an Investment Sub-Advisory Agreement between the Advisor and the Sub-Advisor (the “Sub-Advisory Agreement”), the Sub-Advisor assists the Advisor in providing day-to-day management of the Fund’s portfolios. For its services, the Sub-Advisor is paid a fee by the Advisor, which is calculated daily and paid monthly, based on the Fund’s average daily net assets, at an annual rate of 0.69%.

Fund Administrator

Commonwealth Fund Services, Inc. (“CFS”) acts as the Fund’s administrator. As administrator, CFS supervises all aspects of the operations of the Fund except those performed by the Advisor and the Sub-Advisor. For its services, fees to CFS are computed daily and paid monthly based on the average daily net assets of the Fund. The Advisor pays these fees.

Custodian

Citibank, N.A. serves as the Fund’s Custodian pursuant to a Global Custodial and Agency Services Agreement. For its services, Citibank, N.A. is entitled to a fee. The Advisor pays these fees monthly.

Fund Accountant and Transfer Agent

Citi Fund Services, Ohio, Inc. serves as the Fund’s Fund Accountant and Transfer Agent pursuant to a Services Agreement. The Advisor pays the fees for these services monthly.

Distributor

Forside Fund Services, LLC serves as the Fund’s principal underwriter pursuant to an ETF Distribution Agreement. The Advisor pays the fees for these services monthly.

Trustees and Officers

Each Trustee who is not an “interested person” of the Trust receives compensation for their services to the Fund. Each Trustee receives an annual retainer fee, paid quarterly. Trustees are reimbursed for any out-of-pocket expenses incurred in connection with attendance at meetings. The Advisor pays these fees.

Certain officers of the Trust are also officers and/or directors of CFS. Additionally, Practus LLP, serves as legal counsel to the Trust. John H. Lively, Secretary of the Trust, is Managing Partner of Practus LLP. J. Stephen King, Jr., Assistant Secretary of the Trust, is a Partner of Practus LLP. Neither the officers and/or directors of CFS, Mr. Lively or Mr. King receive any special compensation from the Trust or the Fund for serving as officers of the Trust.

The Fund's Chief Compliance Officer and Assistant Chief Compliance Officer are not compensated directly by the Fund for its service. However, the Assistant Chief Compliance Officer is the Managing Member of Watermark Solutions, LLC ("Watermark"), which provides certain compliance services to the Fund, including the provision of the Chief Compliance Officer and the Assistant Chief Compliance Officer. The Chief Compliance Officer is the Managing Member of Fit Compliance, LLC, which has been retained by Watermark to provide the Chief Compliance Officer's services.

NOTE 3 – INVESTMENTS

The costs of purchases and proceeds from the sales of securities other than in-kind transactions and short-term investments for the six months ended February 28, 2025, were as follows:

Purchases	Sales
\$1,109,726	\$1,090,250

The costs of purchases and proceeds from the sales of in-kind transactions associated with creations and redemptions for the six months ended February 28, 2025, were as follows:

Purchases	Sales	Realized Gains
\$5,733,573	\$340,901	\$93,380

NOTE 4 – DISTRIBUTIONS TO SHAREHOLDERS AND TAX COMPONENTS OF CAPITAL

Distributions are determined on a tax basis and may differ from net investment income and realized capital gains for financial reporting purposes. Differences may be permanent or temporary. Permanent differences are reclassified among capital accounts in the financial statements to reflect their tax character. Temporary differences arise when certain items of income, expense, gain or loss are recognized in different periods for financial statement and tax purposes; these differences will reverse at some time in the future. Differences in classification may also result from the treatment of short-term gains as ordinary

income for tax purposes. The tax character of distributions paid during the six months ended February 28, 2025, and the period ended August 31, 2024 were as follows:

	Six Months Ended February 28, 2025	Period Ended August 31, 2024
Distributions paid from:		
Ordinary income	\$ 25,905	\$ 6,934
Return of capital	—	76
	<u>\$ 25,905</u>	<u>\$ 7,010</u>

As of February 28, 2025, the components of distributable earnings (accumulated deficits) on a tax basis were as follows:

Accumulated undistributed net investment income (loss)	\$ 10,177
Accumulated net realized gain (loss) on investments	4,487
Net unrealized appreciation (depreciation) on investments	1,907,769
	<u>\$ 1,922,433</u>

Cost of securities for Federal Income tax purpose and the related tax-based net unrealized appreciation (depreciation) consists of:

Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Total Unrealized Appreciation (Depreciation)
\$11,510,857	\$2,092,433	\$(184,644)	\$1,907,769

NOTE 5 – TRANSACTIONS IN SHARES OF BENEFICIAL INTEREST

Shares of the Fund are listed for trading on the Cboe BZX Exchange (the “Exchange”) and trade at market prices rather than at NAV. Shares of the Fund may trade at a price that is greater than, at, or less than NAV. The Fund will issue and redeem shares at NAV only in large blocks of 10,000 shares (each block of shares is called a “Creation Unit”). Creation Units are issued and redeemed for cash and/or in-kind for securities. Individual shares may only be purchased and sold in secondary market transactions through brokers. Except when aggregated in Creation Units, the shares are not redeemable securities of the Fund.

All orders to create Creation Units must be placed with the Fund’s distributor or transfer agent either (1) through the Continuous Net Settlement System of the NSCC (“Clearing Process”), a clearing agency that is registered with the Securities and Exchange Commission (“SEC”), by a “Participating Party,” i.e., a broker-dealer

or other participant in the Clearing Process; or (2) outside the Clearing Process by a DTC Participant. In each case, the Participating Party or the DTC Participant must have executed an agreement with the Distributor with respect to creations and redemptions of Creation Units (“Participation Agreement”); such parties are collectively referred to as “APs” or “Authorized Participants.” Investors should contact the Distributor for the names of Authorized Participants. All Fund shares, whether created through or outside the Clearing Process, will be entered on the records of DTC for the account of a DTC Participant.

Shares of beneficial interest transactions for the Fund were:

	Six Months Ended February 28, 2025	Period Ended August 31, 2024
Shares sold	170,000	220,000
Shares redeemed	(10,000)	—
Net increase (decrease)	<u>160,000</u>	<u>220,000</u>

NOTE 6 – RISKS OF INVESTING IN THE FUND

It is important that you closely review and understand the risks of investing in the Fund. The Fund’s NAV and investment return will fluctuate based upon changes in the value of its portfolio securities. You could lose money on your investment in the Fund, and the Fund could underperform other investments. There is no guarantee that the Fund will meet its investment objective. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. A complete description of the principal risks is included in the Fund’s prospectus under the heading “Principal Risks.”

NOTE 7 – SECTOR RISK

If the Fund has significant investments in the securities of issuers in industries within a particular sector, any development affecting that sector will have a greater impact on the value of the net assets of the Fund than would be the case if the Fund did not have significant investments in that sector. In addition, this may increase the risk of loss of an investment in the Fund and increase the volatility of the Fund’s NAV per share. From time to time, circumstances may affect a particular sector and the companies within such sector. For instance, economic or market factors, regulation or deregulation, and technological or other developments may negatively impact all companies in a particular sector

and therefore the value of a Fund's portfolio will be adversely affected. As of February 28, 2025, 28.76% of the value of the net assets of the Fund were invested in securities within the Financials sector.

NOTE 8 – SUBSEQUENT EVENTS

On April 2, 2025, the United States announced its plan to implement worldwide tariffs which was far greater than anticipated. This event has caused a macroeconomic shock to the world economy and a significant increase in uncertainty in the equity markets. As the situation remains ever changing, it is unclear at this time what the short term and long term effects on the funds investment performance and operations will be. Management is currently monitoring and evaluating the impact these tariffs may have on both.

Management has evaluated all transactions and events subsequent to the date of the Statement of Assets and Liabilities through the date on which these financial statements were issued. Except as already included in the notes to these financial statements, no additional items require disclosure.
